

Divine Ceesay

Web Developer, Web Designer, SQL DBA, Personal Trainer, Nutrition & Wellness Consultant

West Drayton,
Middlesex
(44) 7462191766
divine.ceesay@gmail.com

Profile

Being in the Fitness and Wellness industry for 13 years, I am embarking on a new journey of something challenging and rewarding.

I am a quick learner and strive to be the best I can.
I am very comfortable with the Python language and can write and process complex python codes.

I've also been using Microsoft SQL Server to create databases, backup, recovery, performance tuning, T-SQL and stored procedures.

For the past 3 years I have been creating responsive websites with HTML5, JavaScript and CSS3

I have been using CorelDraw to create graphic designs since 1998.

Please see my portfolio here: <https://www.divineceesay.co.uk>
